

Great Backyard Bird Count

On the Ludlam Trail
Saturday February 13
7:30 am - 10:30 am

Join Tropical Audubon's Brian Rapoza and Friends of Ludlam Trail's Diana Jaramillo to count birds along Ludlam Trail as part of the Great Backyard Bird Count. The Ludlam Trail is a Florida East Coast Industries property in south Miami-Dade that is not yet formally open to the public. This will be a great opportunity to learn about the diversity of birds found along this urban corridor. All bird count data collected will be entered into eBird's database. A limited number of binoculars available for loan.

Space is limited and RSVP is required; email fieldtrips@tropicalaudubon.org for meeting place.
